Grantee owns

(Grantee's Lands)³

Grantee has applied for a drainage approval to move water off Grantee's Lands, and is required to show that Grantor has no objection to the water draining across the Grantor's Lands.

Grantor agrees:

- to the drainage project as shown on the attached plan⁴, and
- that water from Grantee's drainage works may drain across the Grantor's Lands, provided that Grantee obtains an Approval to Operate Drainage Works from Water Security Agency and remains in compliance with the Approval. If Grantee does not obtain the Approval to Operate Drainage Works, this Land Control Agreement is void. If Water Security Agency cancels the Approval or if it expires, this Land Control Agreement is cancelled or expires on the same date as the Approval.

In addition to complying with the Approval to Operate Drainage Works, Grantee will be responsible for the following on the Grantor's Lands⁵:
